

THE ALL-NEW **2008 CTS**

Cadillac

FOR MORE INFORMATION GO TO CADILLAC.COM

When we set about creating the all-new 2008 Cadillac CTS, we challenged ourselves to take every element to the next level. We're proud to say we succeeded. At first glance, the redesigned wide stance exudes even greater drama and sophistication. Moving inside, elegant handcrafted details elevate the sense of luxury and refinement. The end product is a driving experience completely unique to its class. With the performance of a sports car and the sophisticated poise of a luxury sedan, the all-new 2008 CTS delivers the total package.

Cadillac. Life. Liberty. And the Pursuit.™

SPECIAL FEATURES OF THE ALL-NEW 2008 CTS

Powering the all-new 2008 CTS is an available 3.6L 300 horsepower* Direct Injection V6 engine. Also new to the CTS is an available advanced all-wheel drive system. This new system optimizes traction and performance on all kinds of road surfaces.

Providing you and your passengers with breathtaking views is the available UltraView Sunroof with power sunshade. This double-sized sunroof system covers more than 70% of the roof area, letting both front and rear passengers enjoy the view.

Inside the all-new CTS, driver and passengers are treated to a premium, completely redesigned interior. We've utilized expert handcraftsmanship and our cut-and-sew technique to make an even more luxurious and inviting environment. In addition, we've added an available new Bose® 5.1 Cabin Surround Sound System with 10 speakers and 300 watts for concert-quality sound.
