WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components for hybrid vehicles are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Owner's Warranty Information booklet for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Emissions: Coverages vary under Federal and California regulations. Refer to applicable Owner's Warranty Information booklet for details.

Accessories: For accessories purchased at time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months or 36,000 miles (whichever comes first) from the vehicle's in-service date, which is the same coverage as the Basic coverage of the Toyota New Vehicle Limited Warranty.

For dealer-installed accessories purchased after the new vehicle purchase, the coverage is 12 months or 12,000 miles (whichever comes first) from the date the accessory was installed on the vehicle, or the remainder of the above 36 months or 36,000 miles Basic coverage from the vehicle's in-service date, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

For customer (non-dealer)-installed accessories purchased after the new vehicle purchase, the coverage is 12 months or 12,000 miles (whichever comes first), from the purchase date of the accessory.

You may be eligible for transportation assistance if it's necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota's warranties, please refer to the applicable Owner's Warranty Information booklet or see your Toyota dealer.

DISCLAIMERS

All information in this eBrochure is based on data available at time of posting, is subject to change without notice and pertains specifically to continental U.S.A vehicles only.

[1] SE available with All-Season tires as a no-cost option.

[2] Performance tires are expected to experience greater tire wear than conventional tires. Tire life may be less than 24,000 miles, depending upon driving conditions.

[3] The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system.

[4] Fraichir™ is a trademark of Seiren Co., Ltd.

[5] Requires available leather-trimmed seats.

[6] Requires Comfort and Convenience Package and Leather Package.

[7] Plasmacluster™ is a trademark of Sharp Electronics, Inc.

[8] Satellite radio requires XM- or Sirius-compatible receiver and monthly service fee. See your Toyota dealer for further details. Reception of the satellite signal may vary depending on location. All fees and programming subject to change. Subscriptions subject to the terms and conditions available at www.xmradio.com or www.sirius.com. Available only in the 48 contiguous United States.

[9] The phones on this site have been tested for Bluetooth® compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Toyota.

[10] The navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. See your Navigation System Owner's Manual for further details.

[11] HomeLink® is a registered trademark of Johnson Controls, Inc.

[12] All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner's Manual for further information/warnings.

[13] Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

[14] Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driversteering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[15] The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner's Manual for details.

[16] Vehicle Dynamics Integrated Management (VDIM) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VDIM will be effective in preventing a loss of control. Please see your Owner's Manual for further details.

[17] Automatic transmission only.

[18] Manual transmission only.

[19] Standard on V6, available on 4-cylinder.

[20] Requires Leather Package.

[21] 2009 EPA-estimated mileage. For model year 2009, the EPA has revised the way the estimated fuel economy rating is determined. Actual mileage will vary.

[22] Requires Upgrade Package.

[23] In certain areas, 4-cylinder automatic models are equipped as Partial Zero Emission Vehicles (PZEV). Equipment causes nominal reduction in horsepower (from 158 hp to 155 hp) and torque (from 161 lb.-ft. to 158 lb.-ft.). For Camry 4-cylinder models certified as Partial Zero Emission Vehicles (PZEV), all emissions components are covered for 15 years or 150,000 miles, whichever occurs first, for performance or defect.
